DETAILED ACTION

1. This communication is in response to Applicant's amendment filed on November 3, 2003.

Status of Claims

2. Claims 1-52 are pending in this application, claims 1-37 and 41-52 have been withdrawn from consideration because of the restriction requirement. Claims 1-37, and 41-52 have been canceled, and claims 38, and 40 have been amended in the amendment filed on June 1, 2003. In the amendment filed on November 3, 2003, claims 38, and 40 have been amended, and claims 53, and 54 have been added. Therefore, claims 38-40, 53, and 54 are under prosecution in this application. *The Applicant is respectfully required to cancel claims 1-37 and 41-52 in response to this office action.*
The rejections cited are as stated below:

Summary of Office Action

3. Applicants' arguments filed on November 3, 2003 and with respect to claims 38-40 have been fully considered, and discussed in the next section below or within the following rejections under 35 U.S.C. § 102 are not deemed to be persuasive. However, Applicants' arguments with respect to claims 53, and 54 have been fully considered, and discussed below are deemed to be persuasive. Therefore, claims 38-40 are

Art Unit: 3624

rejected as being unpatentable over the art cited below, and Applicant's request for allowance is respectfully denied.

Response to Applicants' Amendment

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --
(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371⁹ of this title before the invention thereof by the applicant for patent.

5. Claims 38-40 are rejected under 35 U.S.C. 102(e) as being anticipated by Fisher et al. US Pat. No. 5,835,896 as discussed in paragraph 5 of paper No. 23.

Further: Fisher teaches a current high bid value for a first product (figure 3), the first bid is greater than said current high bid value, and second bid is greater than said first bid, and the third bid is greater than said current high bid value, and said fourth bid is greater than third bid (proxy bids, figure 7, element 69, and column 7, line 1 thru column 10, line 28).

Allowable Subject Matter

6. Claims 53, and 54 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

7. Applicant's arguments filed November 3, 2003 have been fully considered but they are not persuasive. The response to Applicant's argument is addressed in the above rejection.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
